SKYHARBOUR

RESOURCES LTD.

INFORMATION CIRCULAR FOR THE 2022 ANNUAL GENERAL MEETING OF SHAREHOLDERS

This information is given as of **October 21 2022**, unless otherwise stated.

SOLICITATION OF PROXIES

This Information Circular (the "**Information Circular**") is furnished in connection with the solicitation of proxies by the management of **SKYHARBOUR RESOURCES LTD.** (the "**Company**") for use at the annual general meeting (the "**Meeting**") of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying notice of meeting (the "**Notice**") and at any adjournment thereof.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name, address, and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for: (i) delivering these materials to you; and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy (the "**Proxy**") is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the Proxy. The cost of solicitation will be borne by the Company. None of the directors of the Company has advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

APPOINTMENT AND REVOCATION OF PROXIES

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial

owners of the common shares held of record by those intermediaries and we will reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying Proxy are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy. If your shares are held in physical (i.e. paper) form and are registered in your name, then you are a registered shareholder. However, if, like most shareholders, you keep your shares in a brokerage account, then you are a beneficial shareholder (the “Beneficial Shareholder”). The process for voting is different for registered and Beneficial Shareholders, and you will need to carefully read the instructions below.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter that properly comes before the Meeting and for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the shares represented by the Proxy in their discretion.

Registered Shareholders

Registered shareholders may wish to vote by Proxy whether or not they are able to attend the Meeting in person. Registered shareholders electing to submit a Proxy may do so by:

- (a) completing, dating and signing the enclosed Proxy and returning it to the Company’s transfer agent, Olympia Trust Company (“**Olympia**”), by fax to 1-403-668-8307, by email to proxy@olympiatrust.com, or by mail/hand delivery to Suite 1900, 925 West Georgia Street, Vancouver, BC V6C 3L2; or
- (b) using the internet at Olympia’s website, <https://css.olympiatrust.com/pxlogin>. Registered shareholders must follow the instructions that appear on the screen and refer to the enclosed Proxy for the holder’s 12-digit control number.

in all cases ensuring that the Proxy is received at least **48 hours** (excluding Saturdays, Sundays and holidays) before the Meeting or any adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold shares in their own name. If shares are listed in an account statement provided to a shareholder by an intermediary, then in almost all cases those shares will not be registered in the shareholder's name on the records of the Company. Such shares will more likely be registered under the names of the shareholder's intermediary or an agent of that intermediary. In the United States, the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Beneficial Shareholders should note that the only Proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of shares). Beneficial Shareholders who wish to vote their shares at the Meeting should follow the instructions set out in this Section.

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders - those who object to their name being made known to the issuers of securities which they own (called "**OBOs**" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "**NOBOs**" for Non-Objecting Beneficial Owners).

NOBOs

The Company is taking advantage of the provisions of National Instrument 54-101 "*Communication with Beneficial Owners of Securities of a Reporting Issuer*" that permit it to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable voting instruction form ("**VIF**") from Olympia, the Company's transfer agent. To vote their shares, NOBOs should complete the VIF and return it to Olympia in accordance with the instructions provided in the VIF. In addition, Olympia provides for both telephone voting and internet voting as described in the VIF. The VIF will name the same persons as the Company's Proxy to represent your shares at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company) other than any of the persons designated in the VIF, to represent your shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be yourself) in the blank space provided in the VIF. Olympia will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive. If you receive a VIF from Olympia, the VIF must be completed and returned to Olympia in accordance with its instructions to have your shares voted at the Meeting or to have an alternative representative duly appointed to attend the Meeting and to vote your shares at the Meeting.

OBOs

Beneficial Shareholders who are OBOs will receive instructions from their intermediary as to how to vote their shares. OBOs who wish to vote at the Meeting should follow the instructions of their intermediary carefully to ensure that their shares are voted at the Meeting.

If you are an OBO, the form of proxy supplied to you by your intermediary will be similar to the Proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in the United States and Canada. Broadridge mails a VIF in lieu of a proxy provided by the Company. The VIF will name the same persons as the Company’s Proxy to represent your shares at the Meeting. You have the right to appoint a person (who need not be a shareholder of the Company) other than any of the persons designated in the VIF, to represent your shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative (which may be yourself) in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge’s instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting and the appointment of any shareholder’s representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies in this Information Circular involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and the securities laws of certain provinces of Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the applicable provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), as amended, certain of its directors and executive officers are residents of Canada and a substantial portion of the assets of such persons are located outside of the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a Proxy may revoke it by:

- (a) executing a Proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder’s authorized attorney in writing or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the Proxy bearing a later date to Olympia at its address shown on the preceding page, or at the address of the Company at

1610-777 Dunsmuir Street, Vancouver, British Columbia, V7Y 1K4, at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairperson of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law; or

- (b) attending the Meeting in person and voting the registered shareholder's shares.

A revocation of a Proxy will not affect a matter on which a vote is taken before the revocation.

Oversight and Description of Director and NEO Compensation

The Company's compensation policies and programs are designed to be competitive with similar junior mineral exploration companies and to recognize and reward executive performance consistent with the success of the Company. These policies and programs are intended to attract and retain capable and experienced people. The Compensation Committee's role and philosophy is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to Jordan Trimble, the Company's President and CEO, are aligned with the Company's overall business objectives and with shareholders' interests. The Company's Compensation Committee as at the 2022 financial year-end was comprised of two directors, **Donald Huston** and **Amanda Chow**.

Comparator Group and Benchmarking

The Compensation Committee believes that it is appropriate to establish compensation levels based in large part on benchmarking against similar companies, both in terms of compensation practices as well as levels of compensation. In this way, the Company can gauge if its compensation is competitive in the marketplace for talent, as well as to ensure that the Company's compensation is reasonable. Accordingly, the Compensation Committee reviews compensation levels for the NEOs against compensation levels of the comparison companies.

For the financial year ended **March 31, 2022**, the proposed total direct compensation for each NEO was evaluated against the total direct compensation of similar positions held at the comparator group companies to ensure compensation was competitive. Given the tight talent supply in the mining industry, compensation recommendations are also validated against different samples taken from the comparator group, particularly the companies in the North American mining explorations category. The Compensation Committee believes that the compensation policy and its principles provide for competitive and reasonable compensation levels.

Comparator Group

The Company used the following criteria to choose the comparator group:

- junior publicly-traded companies;
- companies reflecting the competitive marketplace for executive management talent;
- companies facing similar industry dynamics (*i.e.*, capital intensive and subject to commodity price cycles); and
- companies engaged in mining or the resources industry and headquartered in North America.

Based on information obtained in part from documents publicly available on SEDAR, the Board considers the following companies to be comparable: CanAlaska Uranium Ltd. (TSX-V:CVV); Fission Uranium Corp. (TSX:FCU), Isoenergy Ltd. (TSX-V:ISO); and UEX Corp. (TSX:UEX).

Elements of the Compensation Program

The total compensation plan for executive officers is comprised of two components: base salary or consulting fees and incentive stock options. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Compensation Committee annually reviews the total compensation of each of the Company's executives on an individual basis, against the backdrop of the compensation goals and objectives described above and make recommendations to the Board concerning the individual components of their compensation. The Company does not currently provide the executive officers with personal benefits nor does the Company provide any additional compensation to the NEOs for serving as directors or as members of other committees.

Base Salary

As a general rule for establishing base salaries or consulting fees, the Compensation Committee reviews competitive market data for each of the executive positions and determines placement at an appropriate level within a range. Compensation levels are typically negotiated with the candidate for

the position prior to his or her selection as an executive officer or consultant. Salaries or consulting fees for the executive officers are reviewed annually to reflect external factors such as inflation as well as the overall corporate performance and the results of internal performance reviews.

Risk Considerations

The Board has adopted a plan to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Implicit in the Board's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders and risk implications is one of many considerations which are taken into account in such design.

A portion (set at a level consistent with its industry peers) of the Company's executive compensation will consist of options granted under the Company's stock option plan. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long-term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is extremely limited.

The other element of compensation, salary, represents the remaining portion of an executive's total compensation. While salary is not "long term" or "at risk", as noted above, these components of compensation represent a relatively small part of total compensation and as a result it is unlikely that an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short term compensation when their long term compensation might be put at risk from their actions.

Due to the small size of the Company, and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any may be identified and mitigated through regular Board meetings during which, financial and other information of the Company are reviewed, and which review includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

There are no policies in place pursuant to which a NEO or director is permitted to purchase financial instruments including for greater certainty, prepaid variable forward contracts, equity swaps, collars, units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or director.

Pension Disclosure

The Company has no pension plans that provide for payments or benefits to any NEO at, following or in connection with retirement. The Company also does not have any deferred compensation plans relating to any NEO.

Furthermore, it is possible that the directors of the Company and the directors of one or more such other companies (many of which are described herein) may also agree to allow joint participation on the Company's properties or the properties of that other company. Accordingly, situations may arise in the ordinary course, which involve a director in an actual or potential conflict of interest as well as issues in connection with the general obligation of a director to make corporate opportunities available to the company whose board the director serves. In all such events, any director is required to disclose a financial interest in a contract or transaction by virtue of office, employment or security holdings or other such interest in another company or in a property interest under consideration by the Board, and is obliged to abstain from voting as a director of the Company in respect of any transaction involving that other company or in respect of any property in which an interest is held by him or her. The terms of the New Plan are similar to those of the Current Plan, but revised to specifically address the current Policies of the TSXV applicable to Stock Option Plans. The purpose of the New Plan will be to assist the Company in attracting, retaining and motivating directors, officers, employees and consultants to the Company and to closely align the personal interests of such directors, officers, employees and consultants with the interests of the Company and its shareholders. 2. the New Plan will be administered by the Company's Board of Directors or, if the Board so designates, a Committee of the Board appointed in accordance with the New Plan to administer the New Plan;
3. the maximum number of shares in respect of which options may be outstanding under the New Plan at any given time is equivalent to 10% of the issued and outstanding shares of the Company at that time, less the number of shares, if any, subject to existing options;
4. following termination of an optionee's employment, directorship, consulting agreement or other qualified position, the optionee's option shall terminate upon the expiry of such period of time following termination, not to exceed 90 days (30 days if the optionee is engaged in providing investor relations services), as has been determined by the directors;
5. an option granted under the New Plan will terminate one year following the death of the optionee. These provisions do not have the effect of extending the term of an option which would have expired earlier in accordance with its terms, and do not apply to any portion of an option which had not vested at the time of death or other termination;
6. as long as required by TSXV policy, no one individual may receive options on more than 5% of the issued and outstanding shares of the Company (the "Outstanding Shares") in any 12 month period, no one consultant may receive options on more than 2% of the Outstanding Shares in any 12 month period, and options granted to persons employed to provide investor relations services may not exceed, in the aggregate, 2% of the Outstanding Shares in any 12 month period;

8. for any option which would otherwise expire during the period during which the Optionee was prohibited from trading in the Company's securities (a "Blackout Period"), the term of such option shall be extended such that the option shall expire at the close of business on the tenth business day subsequent to the date the Blackout Period has been terminated;
9. any amendment of the terms of an option shall be subject to any required regulatory and shareholder approvals; and

10. in the event of a reorganization of the Company or the amalgamation, merger or consolidation of the shares of the Company, the Board of Directors shall make such appropriate provisions for the protection of the rights of the optionee as it may deem advisable.

As disclosed above, the adoption of the New Plan is subject to the Company receiving shareholder approval therefor.

The form of resolution to be placed before shareholders at the Meeting is as follows:
